洗衣乾衣2合1

Washer & Dryer 2-in-1

將「洗衣」及「乾衣」兩大功能完美結合的德國寶嵌入式洗衣乾衣機，一機取代傳統洗衣機及乾衣機，為您釋放寶貴的家居空間；洗滌衣物從此一氣呵成，無需再久等洗衣再晾衫，亦不再受天雨或潮濕天氣影響，快捷、方便又高效。

All new German Pool Built-In Washer & Dryer seamlessly integrates the washer and dryer into one machine, replacing the need for separate washing machine and dryer, freeing up precious space in your kitchen or bathroom. From now on, you can simply place your laundry into the washer dryer, and won't have to bother with hanging wet laundry, or worry about doing laundry on humid or rainy days.

8公斤洗衣

8kg Washing Capacity

既可輕鬆洗滌大件被鋪床單，亦可一次洗淨全家衣物，並確保洗滌過程中有足夠空間供衣物翻轉，提高清潔效果。

8kg load can easily handle large bedding items, or wash the entire family's clothing in one go, ensuring enough space for the clothes to tumble during the washing process, thus improving cleaning effectiveness.

16個自動洗衣程序

16 Automatic Laundry Programmes

配備共16個專為不同衣物質料和特性而度身設計的自動洗衣程式，無論是強力去污洗滌、輕柔呵護洗滌，還是快速節能洗滌，甚至針對牛仔、棉質、羊毛、運動服等不同衣物的洗滌，只需一按鍵即可自動為您實現，簡單易用。

Equipped with 16 automatic laundry programmes that cater to different fabrics, from Cotton, Jeans, Wool, Sportswear to Baby Care, simply choose the programme you need and the washer dryer will take care of your laundry needs.

6公斤乾衣 6kg Drying Capacity

擁有比市面上大部分洗衣乾衣機更大的乾衣容量，能一次處理更多衣物，減少乾衣次數，節能、省時、慳功夫。

With a larger dryer load than most washer dryers on the market, you can now dry more clothes at once, reducing the frequency of drying cycles, saving energy, time, and effort.

3種乾衣程度 3 Drying Levels

特設高、中、低三檔乾衣程度，可針對不同衣物材質和濕度選擇合適的檔位，例如羊毛、絲質或較纖薄的衣物使用低檔，而棉質衣物則可選擇中檔，避免因高溫破壞衣物纖維、導致縮水或變形等，保護您心愛的衣物。

Specially designed with 3 drying levels - high, medium, and low; low setting is suitable for wool, silk or delicates, medium setting for cotton clothes to prevent fiber damage, shrinking or deformation due to high temperatures, thus safeguarding your beloved garments.

智能變頻摩打 慳電寧靜

BLDC Inverter Motor Quiet & Energy-Saving

配備摩打中最高級別的BLDC直流無刷摩打，比傳統有刷摩打更慳電、更寧靜、更穩定，能自動根據洗衣程式、衣物材質等智能調節轉速和參數，將能耗、噪音、震動都降至最小，更榮獲機電署一級能源標籤認證，節能環保。

Equipped with the highest level of BLDC brushless inverter motor that is more energy-efficient, quiet, durable and stable than traditional brushed motors. It can automatically adjust the speed and parameters intelligently based on the laundry programme and fabric type, minimizing energy consumption, noise, and vibration. Awarded Grade 1 energy label by EMSD, it is certified to be eco-friendly and energy efficient.

1,400轉超高運轉速度 1,400 RPM Ultra High Speed Spin

滾筒能在洗衣和脫水過程中以短時間達到每分鐘1,400轉高速運作，產生強大漩渦和離心力360°反覆沖刷衣物除污，並大幅縮短脫水時間；獨特護衣滾筒設計，產生立體按摩水流對衣物進行仿人手按摩，呵護並有效提高衣物蓬鬆度。

The drum can spin up to a maximum speed of 1400 rpm, producing a powerful vortex and centrifugal force to thoroughly extract dirt and shortens spin cycle time; triple water jet design creates a three-dimensional water flow powerful enough to remove stubborn stains but gentle as if washing by hand, preventing snags and tangling, reduce pilling, stretching and color fading, so your clothes will look new and remain soft.

嵌入式慳位設計 Space-Saving Built-In Design

專為嵌入而專門設計的機身，高度僅約825mm，毋需「飛頂」，其開孔尺寸與市場上大部份洗衣乾衣機相容，方便直接一換一大升級；一體式設計慳位又美觀。

Built-in design especially for installing inside cabinets, the washer dryer's height is only approx. 825mm, no need to remove the top cover, and its built-in dimensions match most built-in washer dryers on the market, convenient for direct upgrade and replacement without altering the cabinet.

24小時超長定時 24 Hour Delay Start Function

預先設定洗衣程式和時間，洗衣乾衣機到時到候自動運作，從此毋需再呆等收衫。

Delay Start Function allows you to set the washing programme and starting time, so you can do laundry even in your sleep.

童鎖安全功能 Child Lock Function

上鎖後除開關鍵外，所有功能鍵全部暫停，有效避免兒童錯誤操作，清潔亦更加方便。

When lock is activated, all keys become unresponsive, preventing children from accidentally operating the machinery.

蜂巢式注水孔 Honeycomb Water Injection

細密分佈的注水孔有效帶動水流，形成環形噴淋效果，使洗滌劑溶液更易滲透衣服，提升洗衣效果。
The honeycomb openings effectively drive water into a circular motion, allowing detergent to easily dissolve for effective laundry care.

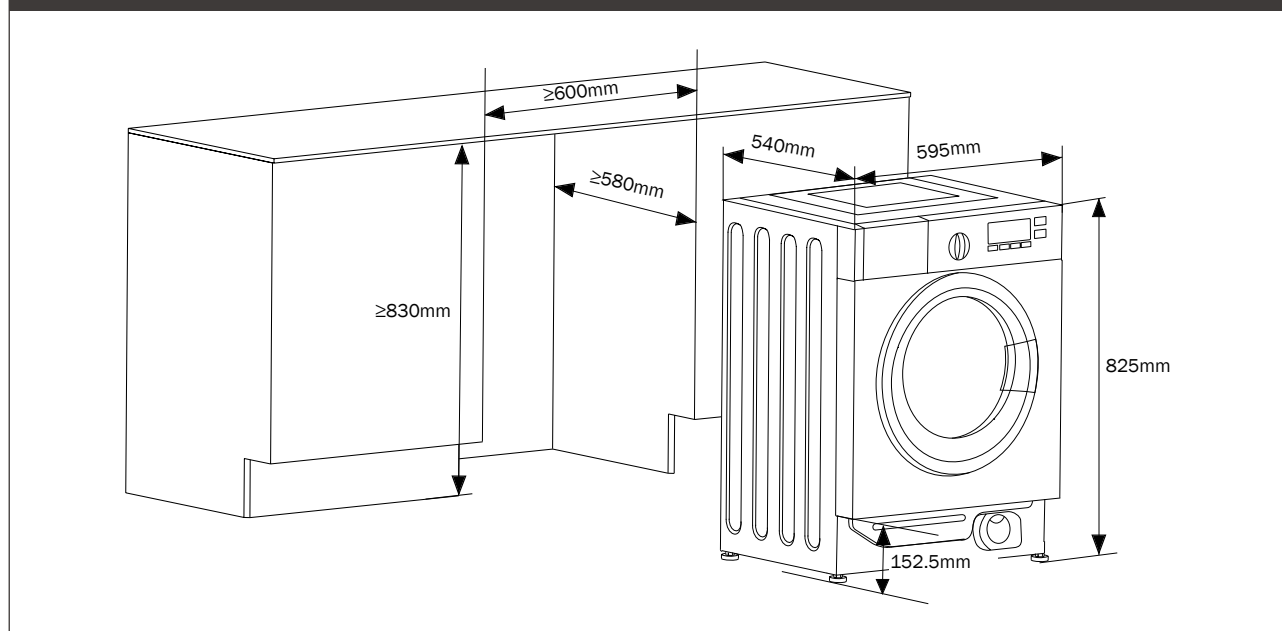

貼心個人化設定 My Cycle Function

特設「My Cycle我的模式」儲存您的自定程式，一按啟動，化繁為簡，極之方便。
Save your most frequently used programme as My Cycle, and daily laundry becomes a simple one-tap operation.

型號 Model	WDM-3814
電壓/頻率 Voltage/Frequency	220-240 V~, 50 Hz
額定功率 Rated Power	1,900 W
最大洗衣重量 Maximum Washing Capacity	8 kg
最大乾衣重量 Maximum Drying Capacity	6 kg
水壓 Standard Water Pressure	0.05-1 MPa
產品尺寸 Product Dimensions	(W) 595 x (D) 540 x (H) 825 mm
淨重 Net Weight	64 kg
